

# Flash Gallery & Flash MP3 Player

*di Paolo Franzese*

<http://www.realitysoftware.ca/> ci consiglia questi due links:

## **Flash Gallery**

<http://www.flash-gallery.org/>

Free application that allows you to create a slideshow on your website. Easy installation, automatic slideshow generation, customizable design and other cool features.

## **Flash MP3 Player**

<http://www.flashmp3player.org/>

Free application that allows you to play music on your website. Easy installation, automatic playlist generation, customizable design and other cool features.
